## DETAILED ACTION

### *Claim Objections*

1. Claim 3 is objected to because of the following informalities: On line 2 of claim 3, "GPS signals" should be "the GPS signals" in order to avoid the antecedent basis problem.

Appropriate correction is required.

### *Claim Rejections - 35 USC § 112*

2. Claims 9-10 and 19-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As per claims 9 and 19, the preamble of these claims is directed to a system for detecting local interference in GPS signals, however, there is no recitation in the body of these claims as to how the local interference in GPS signals is being detected by the recited structural elements. It is suggested to add the limitation of "means for detecting the local interference based upon said warning" at the end of these claims to overcome the aforementioned problem.

Claims 10 and 20-21 are rejected for incorporating the above error from their respective parent claims by dependency.

3. Claims 9-10 and 19-21 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
4. Claims 1-8, 11-18 and 22-23 are currently considered allowable over the art of record.
5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3661

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
